NORTH CAROLINA

RESTRICTIVE COVENANTS

Phase 2, Part 2, Richmond Park at Northridge
Plantation

HARNETT COUNTY

KNOW ALL MEN BY THESE PRESENTS, that

WHEREAS, JOHN KOENIG and wife, MARGARETE KOENIG, herein
sometimes called "Owners" or "Developer", are the owners of all
that land designated and known as Phase 2, Part 2, Richmond Park at
Northridge Plantation, as shown on that certain plat recorded in
map# 99-311 + 99-311-A
~~Plat Cabinet~~ , ~~Slide~~ , in the Office of the Register of
Deeds of Harnett County, North Carolina; and

WHEREAS, Owner desires to provide the stability and appeal in
the development of said land;

NOW, THEREFORE, Owner hereby covenants and agrees to and with
all persons, firms and corporations now owning or hereafter
acquiring any of the numbered lots included on said plat, that all
of said numbered lots shall be and same now are, to the extent
hereinafter defined and described, subject to the following
restrictions as to the use thereof, running with the said land by
whomsoever owned, to-wit:

1. LAND USE AND BUILDING TYPE: No numbered lot shall be
used except for residential purposes. No structure shall be
erected, placed, altered or permitted to remain on any such lot
other than one detached single-family dwelling not to exceed two
and one-half stories in height, a private garage for not more than
three (3) cars, with a minimum of a one (1) car garage with a
parking apron, which garage may contain living quarters for
occupancy by domestic servants of the lot owner only and such other
outbuildings as may be reasonably appurtenant to the dwelling
provided that the same are constructed in line with the general
architectural design and construction standards used in the
dwelling itself.

2. DWELLING COST, QUALITY AND SIZE: No single-family
attached or detached dwelling unit shall be permitted on any such
lot or lots which shall give to the improved lot or lots on which
the said single-family attached or detached dwelling unit is
constructed an appraised valuation of less than One Hundred Twenty
Thousand and No/100 (\$120,000.00) Dollars; such valuation to be
based upon cost levels prevailing at the date these covenants are
recorded; it being the intention and purpose of this covenant to
provide that all dwellings shall be of quality and workmanship
substantially the same or better than that which can be produced on
the date these covenants are recorded for the minimum value herein
stated for the minimum permitted dwelling size.

No single-story residence or dwelling unit shall be
constructed which shall have a heated area living space of less
than 1600 square feet. No two-story residence or dwelling unit

than 1600 square feet. No two-story residence or dwelling unit shall be constructed which shall have heated area living space of less than 1600 square feet of which a minimum of 800 square feet shall be for the first floor of said two-story dwelling. Heated area living space shall mean the ordinary living space in a house which is designed and constructed to be capable of being heated for regular living use in cold weather. In the computation of floor space, furnace room and exterior storage areas, garage and porches shall not be counted. No residence may be constructed without a garage. Any plan for construction of a detached garage must have the prior approval of the Developer, as set out in Paragraph 21 of these restrictive covenants.

3. BUILDING LOCATION: The building line of any dwelling house or the buildings appurtenant thereto shall not be less than 35 feet from the lot line which the dwelling house fronts. Interior lot line and side yard set-back requirements shall be as provided in the Harnett County Subdivision Regulations governing residential developments. In the event that the Harnett County Commissioners at a later time adopt a "zero lot line" set back for development then that ordinance shall apply to this development. Where a garage or other permitted accessory building is located within 30 feet of the rear property line, then there shall be no side yard requirement for the rear 30 feet of the lot. A rear yard set-back requirement of 35 feet shall be maintained for those lots abutting other properties outside this subdivision.

With respect to corner lots, the building line of any dwelling house or unit or the building appurtenant thereto shall not be less than 30 feet from the street on which the dwelling house or unit fronts. The provisions of the Harnett County Subdivision Regulations governing residential developments shall be complied with in determining the set-back from the side street property line and the required rear yard, if any.

For the purpose of these covenants, eaves and steps shall not be considered as a part of a building; provided however, that this shall not be construed to permit any portion of a building to encroach upon another lot. Open fire escapes, outside stairways, the ordinary projections of chimneys and flues, swimming pools, flag poles, decorative fountains and other similar items are not subject to the building lines so long as they do not obstruct light and ventilation necessary for the structure on the adjoining lot. A variance no more than 10% of the set-back requirements of this covenant shall be deemed to be in compliance with the requirements stated herein.

4. ERECTION OF FENCES AND SIGNS: No fence shall be erected on any lot closer to the front of the lot than the house's rear corner. No fence shall be built within the easement for utilities as set forth in Paragraph 5(a) of these covenants. A minimum three-foot wide gate must be constructed if the fencing is across the "maintenance area" described in Paragraph 5(b) hereof. Fencing traversing a lot shall be parallel with the front lot line. Provided however, that with respect to corner lots, no fencing shall be erected or maintained any closer than forty-five (45) feet from the front property line, not to exceed a ten-foot extension from the back corner of the house (extended from the back line of the house); and in the event a house has already been established on the lot adjacent to the corner lot, no fencing shall be erected on the corner lot any closer to the front of the lot than the distance the front corner of the adjacent structure is from its front property line; in any event, fencing shall be no closer than the house's rear corner. Solid privacy fences over three (3) feet in height shall not be built within twenty-five (25) feet of a public right-of-way.

No fences, including decorative split-rail fences, are permitted in the front yard of a lot. No chain link fences are permitted.

5. EASEMENTS:

(a) For Utilities and Drainage: Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage, or which may obstruct or retard the flow of water. All areas indicated as streets and easements on the recorded plat are hereby dedicated to public use for such uses forever;

(b) For Repairs and Maintenance: The lot owner having an abutting wall or a wall within five (5) feet of his lot line shall have a five-foot easement along said lot line on the adjacent lot owner's property for the purpose of repairs and maintenance of said abutting wall or wall within five feet of the lot line where such repairs and maintenance cannot be accomplished otherwise.

(c) For overhangs, extensions and projections: As to lot owners of adjacent lots which have an abutting wall, easements are reserved over those portions of the adjacent lot owner's property that may be necessary or required to accommodate drainage and utilities and overhanging eaves or other cantilevered construction which may encroach upon the adjacent lot owner's property or the air and light space above such other lot owner's property.

6. ILLEGAL ACTIVITY: No illegal, noxious or offensive activity shall be permitted or carried on any part of said land, neither shall anything be permitted or done which is or may become a nuisance or a source of embarrassment, discomfort or annoyance to the neighborhood. No trash, garbage, rubbish, debris, waste material or other refuse shall be deposited or allowed to accumulate or remain on any part of said land, or upon any land or lands contiguous thereto. No fires for burning of trash, leaves, clippings or other debris or refuse shall be permitted on any part of said land without the required permits issued by the appropriate authority.

7. ARTESIAN WELLS: No artesian wells may be drilled or maintained on any building lot without first obtaining the consent of the Developer. The central water supply system provided for the service of said land shall be used as the sole source of water for all water spigots and outlets located within all buildings and improvements located on each building lot. No individual water supply system or well shall be permitted on the building lot except to supply water for air-conditioning or heating installation, irrigation purposes, swimming pools or other exterior use. All lots shall be subject to service charges and fees and any and all assessments levied in connection with the central water supply system service to the respective subject lots.

8. ANIMALS AND LIVESTOCK: No animals, livestock or poultry of any kind shall be raised, bred or kept, on the property, except cats, dogs and other common household pets and they shall not exceed three (3) of each, provided that they are not kept, bred or maintained for any commercial purposes. Household pets shall not roam freely; they must remain in the yard or, if not in the yard, on a leash.

9. AUTOMOBILES: No automobile or motor vehicle may be dismantled on said property. No mechanically defective automobile or currently unlicensed automobile shall be placed or allowed to remain on said property over ten (10) days. No junked cars shall be placed or allowed to remain on the property.

10. OBSTRUCTIONS: The Developer shall have the right, but not the obligation, to remove or require the removal of any fence,

wall hedge, shrub, bush, tree or other object, natural or artificial, placed or located on any building plot, if the location of the same will, in the sole judgment and opinion of the Developer, obstruct the vision of a motorist upon any of the access ways.

11. REGULATE TRAFFIC: The Developer shall have the right, but not the obligation, from time to time to control and regulate all types of traffic on said access ways, including the right to prohibit use of said access ways by traffic which, in the sole discretion of the Developer, would or might result in damage to said access ways or pavements or other improvements thereon, and the right, but not the obligation to control and prohibit parking on all or any part of said access ways.

12. TYPE OF CONSTRUCTION: No building or other improvement may be constructed with an exterior wall finish of material of concrete or cinder block type construction or shall be finished in asbestos siding shingles.

13. WINDOW AIR-CONDITIONERS: No window air-conditioning units shall be installed in a building which faces a road.

14. UTILITY: All telephone, electric and other utility lines and connections between the main utility lines and the residence and other buildings located on each building plot shall be located underground.

15. UTILITY COMPANY: The Developer reserves the right to subject the real property in this entire subdivision to a contract with the Central Electric Membership Corporation, for the installation of underground electric cables and/or the installation of street lighting, either or both, of which may require a continuing monthly payment to the Central Electric Membership Corporation by the owner of the lot.

16. TYPE OF RESIDENCE: No trailer, basement, garage or any outbuilding of any kind, other than a guest house or servant's quarters, even if otherwise permitted hereunder to be or remain on a building lot, shall be used as a residence either temporarily or permanently.

17. DEVELOPER SIGNS: Nothing contained in these covenants and restrictions shall prevent the Developer, approved Builder, or any person designated by the Developer, from erecting or maintaining such commercial or display signs and such temporary dwelling, model house and other structures as the Developer may deem advisable for development purposes.

18. SIGNS: No sign or signs other than a "For Sale" or "For Rent" sign shall be displayed on the property, and these signs shall not exceed five (5) square feet total area.

19. SWIMMING POOLS: No swimming pool shall be constructed on any lot unless the proposed location shall have been first approved in writing by the Developer and said pool, with required fence, shall be built in accordance with all applicable Harnett County Zoning Ordinances and Regulations. Above ground pools are not permitted.

20. MAIL BOXES: No mail box or paper box or other receptacle of any kind for use in the delivery of mail or newspapers or magazines or similar material shall be erected or located, on any building lot unless and until the size, location, design and type of material for said boxes or receptacles shall have been approved by the Developer. To insure uniformity, the Builder does hereby agree to provide the original mail box post. If at any future time the post becomes damaged or has to be replaced for some other reason, it will be replaced with a post of the same size and material at owner's expense.

21. APPROVAL OF PLANS: No construction shall begin on any lot, neither shall any building or other improvement be erected, placed or altered on any lot until the construction plans and specifications and plans showing location of the structure on the individual lot have been approved in writing by the Developer, its successors or assigns. This approval shall be as to the quality of workmanship and materials, harmony of external design with existing structures, and as to the location with respect to topography and finished grade elevation. The Developer may delegate its duties under this paragraph to an architectural committee created for this purpose. Such assignment will be by a document recorded in the office of the Register of Deeds for Harnett County, North Carolina.

22. RADIO OR TELEVISION AERIALS: Except as proved below, no radio or television aerial, antenna or satellite dish, or any other exterior electronic or electric equipment or devices of any kind shall be installed or maintained on the exterior of any structure located on a building lot or on any other portion of any building lot. A satellite dish, no greater than eighteen (18) inches in diameter may be installed, as long as it is not visible from the street.

23. AMENDMENT OF COVENANTS: These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part. During the first twenty-five (25) year period, these covenants may be amended in full or in part by an amendment, signed by not less than eighty (80%) percent of the owners of the numbered lots. To be effective, any amendment must be recorded.

24. ENFORCEMENT: Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or recover damages. The Developer, the Northridge Plantation Homeowners' Association, or any lot owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, reservations, liens and charges now or hereafter imposed by the provision of this Declaration. Failure by the Developer or by a lot owner to enforce any covenants or restrictions herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Reference is also hereby made to the Declaration of Covenants, Conditions, and Restrictions recorded in Harnett County Registry in Book 1095, at page 498-504, which recording created the Northridge Plantation Homeowners' Association. Each lot owner in Richmond Park of Northridge Plantation, Phase 2, Part 2, is also a member of the Northridge Plantation Homeowners' Association.

25. VALIDITY: Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

IN TESTIMONY WHEREOF, Owners/Developers have caused these presents to be signed in their names this _____ day of June, 1999.
