

# ***Instructions and Important Information***

## ***Parking Decals***

***Parking decals are required to be on all vehicles that are parked in any assigned or numbered parking spaces. Vehicles without the HOA issued parking decal properly displayed on the front windshield are subject to tow.***

**Decals MUST be adhered to the lower driver side of the front windshield at all times (See image below for example of appropriate placement).**

- The initial two (2) parking decals issued are at no charge. Any replacement or additional decals that are needed are available for \$15.00 each.
- Tenants may pick up parking decals with a copy of a valid lease.
- In addition to HOA issued parking decals, any vehicle parked on the property MUST have a valid vehicle registration, license plate/tag and insurance at all times and MUST be fully operational.
- Any property with numbered parking spaces has assigned parking for residents. Assigned parking is strictly enforced at all times and any vehicle in violation is subject to tow without notice.
