Should any utility provided (covered by the blanket easement herein provided) request a specific easement by separate recordable document, then either the Declarant or the Association, as the case may be, shall have the right to unilaterally grant such easement rights and execute any such document.

ARTICLE III

CONSTRUCTION REQUIREMENTS

Section 1. Residential Purpose No structure, except as hereinafter provided, shall be erected, altered, placed or permitted to remain on any Lot other than a detached single family dwelling not to exceed two (2) stories in height (unless the Architectural Review Board (as defined in Section 13(c)(1) below) approves in writing a variance permitting a structure of more than two (2) stories in height) and a garage and small accessory building (which may include a pool house, additional non-rentable living quarters, or guest facilities), provided such primary dwelling or accessory building does not overcrowd the Lot, as determined in the discretion of the Architectural Review Board or Board of Directors. Any accessory building may not be constructed prior to the construction of the primary dwelling.

Section 2. Multi-Family Use Prohibited No multi-family residence or apartment units shall be erected or allowed on any Lot; and no dwelling once approved and constructed shall be altered or converted into any type of multi-family residence or apartment units.

Section 3. Lot Boundaries. No Lot shall be subdivided, or its boundary lines changed, except with the written consent of the Declarant or the Association (if the Period of Declarant Control has expired), said consent to be provided or withheld in the sole discretion of Declarant or the Association, as the case may be. The Declarant reserves the right to unilaterally re-plat or modify the boundaries of any Lot(s) that Declarant continues to own for any reason.

Two (2) or more contiguous Lots may be combined into one (1) larger Lot with the written consent of the Declarant, said consent to be provided or withheld in the sole discretion of Declarant. Upon the combination of any two (2) Lots with Declarant approval, the exterior boundary lines of the resulting larger Lot shall be controlling with respect to the interpretation of the terms of this Declaration. The Declarant shall have the right to place conditions upon its

approval of any such combination of Lots, including conditions related to payment of assessments and voting rights within the Association.

Section 4. Completion of Construction. The exterior of all dwellings and other structures must be completed within six (6) months after commencement of construction, unless a longer time is allowed by the Architectural Review Board, except where such completion is impossible or would result in great hardship to the Owner or contractor due to strikes, fires, national emergency or natural disaster. Dwelling structures may not be temporarily or permanently occupied until the exteriors thereof have been completed. During construction on any Lot, the Owner shall require the contractor to maintain the Lot or building site in a reasonably clean and uncluttered condition. Upon completion of construction, the Owner shall cause the contractor to immediately remove all equipment, tools and construction materials from the Lot. The Owner shall be responsible for repairing at her/ her expense any damage to the streets and roadways, Common Property, or property owned by others within the Subdivision caused by the Owner's contractor (or caused by other parties providing labor or services on behalf of the Owner). All landscaping must be completed in strict accordance with the landscape plans approved by the Architectural Review Board.

Section 5. Construction Limitation. During construction, all vehicles involved, including those delivering supplies, must enter the affected Lot on a driveway only as approved by the Architectural Review Board so as not to unnecessarily damage trees, street paving and curbs. During construction, builders must keep the homes, garages, and building sites clean and free of debris. All building debris, stumps, and like items must be removed from the affected Lot by the contractor as often as necessary to keep the house and Lot attractive during the construction phase. Any such debris shall not be dumped in any other area of the Subdivision.

Section 6. Minimum Heated Living Space. No single-story residence shall be constructed on any Lot which shall have heated-area living space constituting ground coverage on one or more levels of less than 2,000 square feet; and no multi-story residence shall be constructed on any Lot which shall have a heated living space of less than 2,000 square feet, of which a minimum of 1,000 square feet shall be on the ground floor, or shall constitute ground coverage of one or more levels. Heated-area living space shall mean the ordinary living space in a house which is designed and constructed so as to be capable of being heated for regular living use in cold weather. In computation of heated area living space, furnace room areas, garages, and open porches shall not be counted.

Section 7. Set-Back Requirements. The building line of any single-story dwelling house or the buildings appurtenant thereto constructed on any Lot, other than corner Lots, shall not be less than twenty (20) feet from the street line on which the dwelling house fronts; not less than ten (10) feet from either side line; and not less than twenty (20) feet from the rear property line. With respect to two-story dwelling houses, the front and rear set back line shall be the same. The side set back lines for a two-story house with no single story wing shall be ten (10) feet. The side set back line for a two story house with a single story wing shall be ten (10) on the two-story side and ten (10) on the single story side. With respect to corner Lots, the building line of any dwelling house or the buildings appurtenant thereto shall be not less than twenty (20) feet from the street on which the dwelling house fronts and not less than twenty (20) feet from the side street, and not less

than ten (10) feet from the interior side line, and not less than twenty (20) feet from the rear property line, except that residential structures on corner Lots which observe the front yard requirements on each of the two intersecting streets may reduce the required rear yard to fifteen (15) feet.

The provisions of this Section 7 may be changed and modified with respect to any one or more Lots so as to make the provisions less restrictive, provided said diminished restrictions comply with the Town of Southern Pines ("TSP") Unified Development Ordinance ("UDO") by (a) the change being approved by a written recorded instrument signed by all of the Owners of all contiguous Lots to the Lot on which the change is sought and by the majority of the Owners of the Lots within one hundred (100) feet of any boundary of the Lot on which the change is sought; and (c) while Declarant continues to own any Lot in the property, by the change being approved by the written consent of Declarant. Notwithstanding the above, the Declarant reserves the right to unilaterally change or modify the provisions of Section 7 with respect to any one or more Lots by a written recorded instrument signed only by Declarant (without the need for approval of any Owners of any other Lots).

Section 8. Garages. The side-line and rear-line restrictions above shall not apply to detached garages located within the rear one-fourth (1/4) of any Lot. The building line of any such detached garages shall not be less than ten (10) feet from a side line and not less than ten (10) feet from the rear line. On corner Lots, any such detached garages must be located upon the rear interior one-quarter (1/4) of the corner Lot or be subject to the side-line restriction as set forth in Section 7 above.

Section 9. Exteriors. No structure may be constructed with an exterior wall finish material of concrete, cinder block or asbestos siding shingles.

Section 10. Parking. Each Owner of a Lot shall provide space along streets within the Subdivision for parking in accordance with any reasonable standards established by the Architectural Review Board.

Section 11. Fences. No solid panel fence or wall shall be erected or maintained nearer to any street than the principal dwelling structure on improved Lots or nearer to any street than the setback line on any vacant Lot, but ornamental fences not to exceed three (3) feet in height may be erected within such area; provided, however, all fencing shall comply with TSP UDO. Any fence must be approved by the Architectural Review Board prior to its construction, and the Architectural Review Board shall have the authority to grant a variance from the fencing requirements set forth herein on a case-by-case basis.

Section 12. Mailboxes; Swing Sets/ Playground Equipment. The placement design, type and color of any mailbox and its support must be approved by the Architectural Review Board. Typical approved designs will be supplied upon request. Also, any swing sets and/or playground equipment must be located to the rear of the principal dwelling structure located on any Lot and must be adequately screened from view from the road; the placement and screening of any such swing sets and/or playground equipment must be approved by the Architectural Review Board.

Section 13. Architectural and Design Review.

(a) Purpose. The purpose of architectural and design review shall be to preserve the natural beauty of the Subdivision and its setting, to maintain a pleasant and desirable environment, to establish and preserve a harmonious design for the community, and to protect and promote the value of property.

(b) Objectives. Architectural and design review by the Architectural Review Board shall be directed towards attaining the following objectives for the Subdivision:

(1) preventing excessive or unsightly grading, indiscriminate earth moving or clearing of property, removal of trees and vegetation which could cause aesthetic disruption of the natural environment or scar natural land forms;

(2) ensuring that the location and configuration of all new structures are visually harmonious with the terrain and vegetation of the Lots, with all other structures, and with surrounding Lots, and do not unnecessarily block scenic views from existing structures or tend to dominate any general development or natural landscape;

(3) ensuring that the architectural design of all structures, and their materials and colors, are visually harmonious with the overall appearance of the Subdivision, its history and heritage (including the original vision of Declarant with respect to the development of the Subdivision); with surrounding development; with natural land forms and native vegetation; and with development plans officially approved by the Declarant (or any governmental or public authority, if applicable) for the areas in which the structures are proposed to be located;

(4) ensuring the plans for landscaping provide visually pleasing settings for any and all structures to be located on any Lot, and blend harmoniously with the natural landscape; and

(5) ensuring that any development, structure, building or landscaping complies with the terms of this Declaration.

(c) Architectural Review Board.

(1) The Declarant shall establish an architectural review board (the "Architectural Review Board") which shall consist of three (3) members. The three (3) members shall be appointed by the Declarant until such time as the Declarant, in its sole discretion, transfers control of the Architectural Review Board functions to the Association. The regular term of office for each member shall be one (1) year, coinciding with the fiscal year of the Declarant. Any member appointed by the Declarant may be removed with or without cause by the Declarant at any time, in Declarant's sole discretion, by written notice to such appointee. A successor appointed to fill any such vacancy shall serve the remainder of the term of the departing member. When control of the Architectural Review Board functions is transferred to the Association, members of the Architectural Review Board shall be elected by the Board of Directors of the Association, and any member so elected may resign or be removed by the Board in the same manner as provided in the Bylaws of the Association for the resignation and removal of officers of the Board.

(2) The Architectural Review Board shall select its own chairman and he/ she (or in his/her absence, the vice chairman) shall be the presiding officer of its meetings. All meetings shall be held upon call of the chairman; all meetings shall be held at the offices of the Declarant (if the Period of Declarant Control has not yet expired or if the Declarant has not transferred its control over the Architectural Review Board to the Association) in Southern Pines, North Carolina or at such other places in the Town of Southern Pines as may be designated by the chairman. The affirmative vote of a majority of the members of the Architectural Review Board present at the meeting at which there is a quorum shall constitute the action of the Architectural Review Board on any matter before it. The Architectural Review Board shall operate in accordance with its own rules of procedure and guidelines. If such rules of procedure and guidelines are in writing, then they shall be filed with the Association and maintained in the records of the Association.

(3) The Architectural Review Board is hereby authorized to retain the services of one or more consulting architects, landscape architects, urban designers, attorneys, and/or any other professional consultants as it determines necessary, to advise and assist the Architectural Review Board in performing the functions here in prescribed.

(4) The Architectural Review Board may adopt, promulgate, amend, revoke and enforce guidelines (the "Development Guidelines") for the purposes of:

- (i) governing the form and content of plans and specifications to be submitted for approval pursuant to the provisions hereof;
- (ii) governing the procedure for the submission of such plans and specifications; and
- (iii) establishing policies with respect to the approval and disapproval of all proposed uses and all construction or alteration of any structure on any Lot;

The Review Board shall make a published copy of any current Development Guidelines readily available to Owners and prospective Owners upon request.

(d) Transfer of Architectural Review Authority. Upon the sale of all of the Lots within the Subdivision, the Declarant shall transfer the above-described review authority to a permanent Architectural Review Board which shall be under the control of the Association. Such transfer shall be evidenced by an amendment to this Declaration to be executed by the Declarant and to be filed in the local Register of Deeds. The Declarant is not obligated to transfer said review authority at any particular time; provided, however, that such transfer must be made no later than thirty (30) days after sale of the last Declarant-owned Lot in the Subdivision. At any time prior to the transfer of said review authority, the Declarant may allow (in its sole discretion) the Association's Board of Directors to elect one or more members to the Architectural Review Board.

(e) Review of Approval of Plans for Additions; Alterations or Changes to Structures and Landscaping. No building, structure, wall, fence, sign, mailbox, tank or container, swimming

pool, tennis court, volleyball court, or swing set, shall be erected or constructed; and no existing building or structure shall be modified or expanded (to include any changes to the roof and roof shingles, and to include any changes to the exterior, and to include changes to any color scheme, any exterior materials, or any exterior finishes); and no landscape work that will affect the look or appearance of the property shall be commenced, on any Lot or upon the Common Property, until the proposed building plans, specifications (including height, shape, type, nature, color, composition of exterior materials, and finish), plot plan (showing the location of such building or structure, and/or any other items listed hereinabove, drives and parking areas), landscape plan, and construction schedule have been submitted to and approved by the Architectural Review Board.

Any alteration, change or deviation from the original plans and specifications (as may have been previously approved by the Architectural Review Board) must be re-submitted to the Architectural Review Board, and such Architectural Review Board shall have the same rights to approve or disapprove any such alteration, change or deviation pursuant to its rights as contained herein.

(f) Submission of Plans. Two (2) copies of all plans, specifications and/or any related information shall be submitted to the Architectural Review Board for approval. One copy shall be retained with the files of the Architectural Review Board. The other copy shall be returned to the Owner and marked either "approved" or "disapproved." The Architectural Review Board may establish a reasonable fee from time to time sufficient to cover its expense of reviewing plans and related information at the time such items are submitted for review and to compensate any professional consultants related by the Architectural Review Board. Approvals shall be time-sensitive in nature and shall not be effective for any construction commenced more than twelve (12) months after the date of such approval, unless a different expiration time is specifically stated in the approval. Disapproved plans and related information shall be accompanied by a statement of items found unacceptable. In the event approval of such plans and relation information is neither granted nor denied within forty-five (45) days following submission to (with written acknowledgment of receipt by) the Architectural Review Board of all of the required documents (with written request for that such items are being formally submitted for approval), then such plans shall be deemed approved. The Architectural Review Board shall have the right to disapprove any plans, locations or specifications based upon any ground which is consistent with the objectives of this Declaration, including purely aesthetic considerations, so long as such ground is not arbitrary and capricious.

(g) Approval Not a Guarantee or Representation of Proper Design or Good Workmanship. No approval of plans, standards or specifications by the Architectural Review Board may be construed as a representation or guarantee by the Architectural Review Board that any such plans, standards or specifications, will, if followed, result in a properly designed dwelling unit or other structure. Further, any such approvals may not be construed as a representation or guarantee by the Architectural Review Board that any dwelling unit will be built in a good and workmanlike manner. Neither the Declarant nor the Architectural Review Board shall be responsible or liable for any defect in any plans or specifications submitted, revised or approved under this Declaration, nor for any defect in construction pursuant to any such plans and specifications. Each and every Owner shall be fully responsible for the quality and workmanship of any dwelling or other

structure that is constructed upon any Lot; and each and every Owner does hereby, by acceptance of any Lot purchased within the Subdivision, agree to hold the Declarant and the Architectural Review Board harmless for any defect or other problem caused by the Owner's architect, builder or other third party related to any such plans, standards or specifications, either required by or approved by, the Architectural Review Board. The Declarant reserves the right to prohibit any builder from working in the Subdivision in the event it is determined that such builder has failed to comply with any approved plans, either intentionally or negligently. Each and every Owner hereby agrees that any exercise of such right by the Declarant with respect to any builder shall not constitute a denial of an Owner's property rights and shall not give rise to a cause of action for damages by any such Owner.

Section 14. Repairs. Any dwelling unit or other improvement on any Lot that is destroyed partially or totally by fire, storm or any other means shall be repaired or demolished within a reasonable period of time, and the Lot restored to an orderly and attractive condition. If any Owner fails to commence to repair or demolish and remove same within thirty (30) days after notice from the Architectural Review Board, the Association, or the Declarant, and fails to diligently continue with any such repair or demolition to completion, then the Association may do so at the Owner's expense, and such expense shall be treated as an assessment against the Lot in question and subject lien rights in favor of the Association, with the same rights and remedies in favor of the Association as set forth below.

Section 15. Remedies. If any finished dwelling unit, structure, landscaping, or any other item subject to approval rights of the Architectural Review Board, does not comply with the submitted and approved plans and specifications, then the Architectural Review Board and/or the Association retains (i) the right to make any necessary changes at owner's expense to comply with such approved plans and specifications; (ii) the right to treat such charge or cost as an assessment; (iii) the right to file a claim of lien for any costs incurred against the Lot in question; and (iv) the further right to resort to all remedies provided under the laws of North Carolina for the recovery of such costs and the expenses of collection including without limitation, reasonable attorneys' fees.

ARTICLE IV

USE RESTRICTIONS

Section 1. Residential Use. All Lots shall be used for single-family residential purposes exclusively. No structure or structures shall be erected, altered, placed or permitted to remain on any Lot unless such structure or structures is used directly (or indirectly) for single-family residential purposes with respect to such Lot.

"Single-family residential purposes" shall mean and refer to use as a place of long-term, permanent residence with respect to a dwelling unit located upon any Lot (and shall also mean shorter-term non-permanent residence if any such dwelling unit is leased to a tenant; however, any dwelling unit may not be used or leased for transient or daily/ weekly rental purposes). The residential use restriction is subject to the following qualifications:

(a) Unless further restricted in the deed, the use of a portion of a dwelling unit located upon any Lot as an office shall be considered as a permissible residential use (i) if such use does not create a significant increase in automobile or pedestrian traffic to and from the dwelling unit; (ii) if no sign, symbol, logo or nameplate identifying such a business or professional office is affixed to or about the Lot or the entrance to the dwelling unit; (iii) if the office use complies with residential zoning laws for the Subdivision; (iv) if the office is only incidentally used for business or professional purposes; (v) if the Declarant or the Association, after responding to any complaint by a neighboring Owner, has not expressly requested that the subject dwelling unit no longer be used in whole or in part as an office, said request to be in the sole discretion of the Declaration or the Association in light of any such complaint or other grounds;

(b) The use of any dwelling unit located on any Lot as a model, or for sales or operational purposes, shall be limited to those Owners or builders granted written temporary permission for such use by the Declarant and/or the Association in its sole discretion, and may be deemed a permitted use for residential purposes for a maximum period of twenty-four (24) months after any such dwelling unit is newly constructed and is ready for occupancy; and use of said dwelling unit as a model or for sales or operational purposes after said twenty-four (24) month period shall be prohibited; and

(c) The use of any dwelling unit located upon any Lot shall be limited to occupancy by people directly related by adoption, marriage, or blood in the first and second degree, or four (4) or less people who are not so related.

Section 2. Other Buildings and Vehicles. No mobile home, trailer, manufactured home, double-wide or modular home, tent, barn, shed, or other similar out-building, or structure shall be placed on any Lot at any time, either temporarily or permanently, without prior approval from the Architectural Review Board; and such approval shall normally be limited to temporary use of such structures reasonably essential to economical, orderly and efficient construction during the construction process only. No boat, boat trailer, camper, commercial truck, privately owned golf cart, utility trailers may be kept or maintained on any Lot without prior written approval of the Architectural Review Board. The term "commercial truck" as used herein is intended to refer to a commercial truck vehicle intended primarily for transporting business goods and equipment, and which is primarily used in a trade or business (and not merely as a means of transportation), or any truck which displays commercial signage or similar business logo on its exterior. The Declarant and/ or the Association (and their agents) shall have the right to enter upon any Lot on which a dwelling unit or other structure has been (or has not been) constructed and upon which a landscaping plan has either not been implemented or has not been implemented correctly (in conformity with a landscaping plan approved by the Architectural Review Board). If the Declarant and/ or the Association concludes in their discretion that the appearance of any Lot detracts from the overall beauty and appearance of the Subdivision, the Declarant and/ or the Association (and their agents) shall have the right of entry upon any such Lot for the purpose of cutting, trimming, pruning, any removing any trees, vegetation, and related landscape fixtures, and for the purpose of improving and/or correcting the landscaping on any such Lot; provided, however, that prior to exercising such right to enter upon any Lot for such purpose, the Declarant and/ or the Association, as the case may be, shall give any affected Owner the opportunity to take any necessary corrective action required by giving such Owner notice indicating what type of corrective action is required and specifying a timeline in which such corrective action must be taken by such Owner.

The expense for any such work performed by the Declarant and/ or the Association (or their agents) shall be the responsibility of the Owner of the affected Lot. Such expense shall be considered an assessment and shall be a lien upon said Lot in favor of the Association.

The provisions of this section shall not be construed as an obligation on the part of the Declarant and/ or the Association to do any work or to provide any corrective action on any Lot.

Entrance upon any Lot by the Declarant and/ or the Association pursuant to the authority contained in this section shall not be deemed a civil or criminal trespass. The rights reserved unto the Declarant and/ or the Association herein shall be used only where necessary so as to properly enforce the terms of this Declaration for the benefit of the Subdivision and the Owners of all Lots located therein.

Section 4. Environmental Hazards. To secure the natural beauty of the Subdivision, the Declarant and/ or the Association may promulgate rules and regulations which shall govern activities which may be environmentally hazardous, such as the application of fertilizers and pesticides and other chemicals upon any Lot. Section 5. Further Siting Authority. To prevent excessive stormwater run-off or drainage resulting from any improvements to Lots or other property within the Subdivision, the Declarant and the Architectural Review Board hereby reserve the right to establish a maximum percentage of property which may be covered by a dwelling unit, patio, driveway or other structure. In the establishment of such maximum percentage, the Declarant shall consider topography, percolation rate of the soil, soil type and condition, vegetation cover and other relevant environmental factors. Neither this, nor any other right reserved herein by the Declarant, shall be construed, however, to be an obligation of the Declarant to take any action.

Section 6. Erosion in Open Space, Common Property and Restricted Common Properties. The Declarant and/ or the Association shall have the right, but shall not be obligated, to protect all Common Property from erosion, such as by planting trees, plants, and shrubs where and to the extent necessary or by other mechanic means. The right is likewise reserved to the Declarant and/ or the Association to take any step necessary within Common Property to provide and ensure adequate drainage ways, to cut fire breaks, and to remove diseased, dead or dangerous trees and brush, the expense of which shall be an assessment against the Owners of all Lots.

Section 7. Mineral Extraction. Section 10. Open Space Restrictions. If so required by the TSP UDO, it is hereby declared that (i) the Open Space shall be used only for park, recreation and/ or open space purposes; (ii) the Open Space shall be deeded to the Association as part of the Common Property; and (iii) the Association shall be responsible for the continuing upkeep and proper maintenance of the Open Area for park, recreation, and/ or open space purposes.

Section 11. High Density Residential Subdivisions Restrictions. In accordance with Title 14 NCAC 2H.1000 and S.L. 2006-246, the Stormwater Management Regulations, deed restrictions and protective covenants are required for High Density Residential Subdivisions where lots will be subdivided and sold and runoff will be treated in an engineered stormwater control facility. Deed restrictions and protective covenants are necessary to ensure that the development maintains a "built-upon" area consistent with the design criteria used to size the stormwater control facility.

I, Robert J. Williams, V, acknowledge, affirm and agree by my signature below, that I will cause the following deed restrictions and covenants to be recorded prior to the sale of any lot:

(a) The following covenants are intended to ensure ongoing compliance with State Stormwater Management Permit Number SW6200703, as issued by the Division of Energy, Mineral and Land Resources under the Stormwater Management Regulations.

(b) The State of North Carolina is made a beneficiary of these covenants to the extent necessary to maintain compliance with the stormwater management permit.

(c) These covenants are to run with the land and be binding on all persons and parties claiming under them.

(d) The covenants pertaining to stormwater may not be altered or rescinded without the express written consent of the State of North Carolina, Division of Energy, Mineral and Land Resources.

(e) Alteration of the drainage as shown on the approved plan may not take place without the concurrence of the Division of Energy, Mineral and Land Resources.

(f) The maximum built-upon area per lot, in square feet as per Exhibit A attached hereto and incorporated herein by reference. This allotted amount includes any built-upon area constructed within the lot property boundaries, and that portion of the right-of-way between the front lot line and the edge of the pavement. Built upon area includes, but is not limited to, structures, asphalt, concrete, gravel, brick, stone, slate, coquina and parking areas, but does not include raised, open wood decking or the water surface of swimming pools.

(g) Each lot will maintain a thirty (30') foot wide vegetated buffer between all impervious areas and surface waters.

(h) All runoff from the built-upon areas on the lot must drain into the permitted system. This may be accomplished through a variety of means including roof drain gutters which drain to the street, grading the lot to drain toward the street, or grading perimeter swales to collect the lot runoff and directing them into a component of the stormwater collection system. Lots that will naturally drain into the system are not required to provide these additional measures.

ARTICLE VI

THE ASSOCIATION- MEMBERSHIP AND VOTING RIGHTS

Section 1. Membership. Every Owner shall automatically be a Member of the Association. The Declarant shall be a Member of the Association until the latter to occur of the (i) termination of the Period of Declarant Control; or (ii) when the Declarant no longer owns a Lot in the Subdivision.

Section 2. Voting Rights. The Association shall have one type of regular voting membership. Each Member shall be entitled to one (1) vote for each Lot he/she owns; however, if an Owner constructs a dwelling unit on more than one (1) Lot, the Owner shall have only one (1) vote for said dwelling unit (and shall have no additional vote for each additional Lot that comprises a part of the total consolidated yard or building site, so long as any such additional Lot remains a part of the total consolidated yard or building site).

If any Lot is titled in the name of two (2) or more persons or entities, whether fiduciaries, joint tenants, tenants-in-common, tenancy by the entireties, or in any other manner of joint or common ownership, then any such joint or common Owners are entitled to one (1) collective vote for such Lot; and said joint or common Owners must unanimously agree on how to cast said one (1) vote in order for said vote to be cast on behalf of said Lot. The Association may conclusively rely upon any one (1) of the joint or common Owners of any such Lot with respect to determining how the one (1) vote is intended to be cast for any such Lot, as long as the acting officers of the Association do not have actual knowledge that there is a dispute with respect to how such vote should be cast. If there is a dispute that cannot be timely resolved by the joint or common Owners of any such Lot (amongst themselves), then the Association shall have the authority, in its sole discretion, to disqualify any such Lot from casting its vote, such that the Association may conduct its business in a timely manner.

Section 3. Composition of Board. The Association shall be governed by a Board of Directors consisting of at least three (3) members, with the number in subsequent years to be determined as provided for in the Bylaws or otherwise in the discretion of the Association. The Declarant shall have the right to appoint and remove all members of the Board of Directors (and to appoint and remove all officers of the Association) during the Period of Declarant Control.

Section 4. Cumulative Voting Prohibited. Each Member shall be entitled to as many votes as equals the number of votes he/ she is ordinarily entitled to, multiplied by the number of Board members to be elected, but may not cast all of such votes for any one (1) Board member and must distribute them among the number to be voted for, and all votes must be cast in whole numbers and not fractions thereof. It is the intent of this Section 4 to prohibit cumulative voting.

ARTICLE VII

PROPERTY RIGHTS IN THE COMMON PROPERTY

Section 1. Members' Easement of Enjoyment in Common Property. Subject to the provisions of this Declaration, any additional rules and regulations of the Association, and any fees or charges established by the Association, every Member and every tenant and guest of such Member shall have a right of easement of enjoyment (including the right of ingress, egress and regress) in, over, and upon the Common Property and such easement shall be appurtenant to and shall pass with the title of every Lot.

Section 2. Title to Common Property. The Declarant covenants for itself, its successors or assigns, that, upon the completion of the streets and infrastructure development within the Subdivision, it shall convey any platted Common Property to the Association within a reasonable period of time by warranty deed. The Common Property shall be conveyed to the Association subject to: (i) all easements, restrictions, covenants, and conditions of record as of the date of such conveyance, including the terms of this Declaration; and (ii) any existing mortgages or other liens; provided, however, that in no event shall the Association be obligated to assume any indebtedness related thereto.

Section 3. Extent of Member Easements Rights. The rights and easements created hereby shall be subject to the following:

(a) the right of the Association to borrow money from the Declarant (or any other lender) for the purpose of improving and/or maintaining the Common Property (and providing services as may be authorized herein) until such time as the Association is adequately capitalized;

(b) the right of the Association, pursuant to the limitations and procedures set forth in North Carolina General Statute 47F-3-107.1 (as such may be amended), to suspend the rights and easements of enjoyment of any Member (or any tenant or guest of any Member) (but not to impede access to and from any Member's Lot) for the non-payment of any delinquent assessment against any Lot or for any infraction of the Association's published rules and regulations, it being understood that any suspension for either nonpayment of any assessment or a breach of the rules and regulations of the Association shall not constitute a waiver or discharge of the Member's obligation to pay the assessment;

(c) The right of the Association to place reasonable restrictions upon the use of the Association's streets, including but not limited to the types and sizes of vehicles permitted to use said streets, the maximum and minimum speeds of vehicles using said streets, all necessary traffic and parking regulations, and maximum noise levels of vehicles using said streets. The fact that any such restrictions on the use of the streets may be more restrictive than the laws of any state or local government having jurisdiction over the Subdivision shall not make such restrictions unreasonable;

(d) the right of the Association to give, sell, or lease all or any part of the Common Property (but not to include the Open Space) to any public or private party for any purposes,

provided that (except as expressly provided below), no such transfer shall be effective unless such transfer shall be authorized by (i) the Declarant as long as it owns any Lot within the Subdivision and (ii) the requirements set forth in North Carolina General Statute 47F-3-112 (as such may be amended) is fully complied with;

(e) any other special Declarant rights as may be reserved elsewhere in this Declaration.

ARTICLE VIII

COVENANTS FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner of a Lot, by acceptance of a deed therefore, is deemed to covenant and agree to pay to the Association: (1) periodic assessments (to be paid annually or monthly, in the discretion of the Association) or charges which are for Common Expenses; (2) special assessments for extraordinary maintenance and capital improvements; (3) special assessments for the purchase, construction or reconstruction of any improvements; and (4) a pro rata share of any assessment levied by any governmental tax authority for public improvements to the Subdivision. All assessments, together with interest and costs, and reasonable attorneys' fees for collection, shall be a charge on the land and shall be a continuing lien upon each and every Lot. Each such assessment, together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when such assessment fell due. The personal obligation for the delinquent assessments shall not pass to an Owner's successors in title unless such delinquent assessments are expressly assumed by them; however, any lien as referenced above shall run with the title to each Lot.

The Association shall also have the authority, through the Association to establish, fix and levy a special assessment on any Lot to secure any and all fines levied against any Owner (and owed to the Association) arising from breach by any Owner of the provisions of this Declaration and to secure the payment of the cost to repair damages to Common Property caused by an Owner in accordance with Article I, Subsection (e) (2) hereof.

Each Owner covenants to pay each and every assessment levied by the Association within ten (10) days of the due date as established by the Association; and further covenants that if such assessments are not be paid within thirty (30) days of the due date, the payment of such assessments shall be in default, and the amount thereof shall become a lien upon said Owner's Lot, as provided herein, and shall continue to be such lien until paid in full.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the paying for the Common Expenses of the Subdivision. The Association is authorized to devote a portion of the collected assessments toward a working capital or reserve fund for the benefit of the Association.

Section 3. Amount of Assessment.

(a) Criteria for Establishing Periodic Assessment. In establishing the periodic assessment for any year, the Board of Directors shall consider all anticipated expenses of the Association, any accrued debts, and reserves for future needs;

(b) Board Authority. Until such time as the Board affirmatively establishes an initial assessment, the assessment shall be zero dollars (\$0.00);

(c) Special Declarant Rights. The Declarant reserves the right to not pay periodic or special assessments on any Lot owned by Declarant, as long as Declarant is marketing any such Lot for sale (whether improved or unimproved) to a builder or third party. In addition, the Declarant reserves the right to waive assessments against Lots owned by builders, as long as such builders are constructing a dwelling unit upon any such Lot and/or marketing any such Lot for sale, said right to be exercised in the sole discretion of the Declarant.

Section 4. Special Assessments for Capital Improvements. In addition to the periodic assessments authorized above, the Association may levy, in any assessment, year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part the cost of any construction, repair or replacement of a capital improvement upon the Common Property; the cost of any unanticipated or extraordinary repair or maintenance; or the cost of any other item that is a Common Expense; provided, any such assessment shall have the assent of two-thirds (2/3) of the votes of the Members who are voting in person or by proxy at a meeting duly called for this purpose; however, such vote of the Members shall not be required in order for the Association to levy any special assessment during the Period of Declarant Control. In addition, notwithstanding the above, as long as the Declarant continues to own a Lot within the Subdivision, no special assessment approved by the Members as set forth herein shall be binding upon the Declarant, unless and until the Declarant has approved any such special assessment.

Section 5. Replacement Reserve. From the periodic assessment for Common Expenses, the Board shall have the authority in its discretion to create and to maintain a working capital or reserve fund for the purpose of defraying the expense of the maintenance, repair, and replacement of streets or other capital improvements located upon the Common Property.

Section 6. Notice and Quorum For Any Action Authorized Under Section 4. Notice and quorum requirements with respect to any action authorized under Section 4 above shall be as set forth in the Bylaws of the Association.

Section 7. Uniform Rate of Assessment. Both periodic and special assessments must be fixed at a uniform rate for all Lots.

Section 8. Date of Commencement of Annual Assessments; Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the passage of a resolution by the Association duly establishing same. The first periodic assessment (if collected on an annual basis) shall be adjusted according to the number of months remaining in the calendar year. Written notice of any change in the periodic assessment shall be

sent to every Owner subject thereto at least thirty (30) days in advance of any such change. The due dates shall be established in the discretion of the Association. The Association shall, upon demand, and for a reasonable charge if it deems appropriate, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessment payments on a Lot shall be binding upon the Association as of the date of issuance.

An Owner who is a licensed builder (where such builder is constructing a house on any vacant Lot for sale to any third party) shall become liable for assessments on any such Lot only upon the date of substantial completion of any such newly constructed house, as evidenced by the issuance of a certificate of occupancy by the Town of Southern Pines. Upon the substantial completion of any such house, assessments shall begin to accrue on the affected Lot on a calendar year basis; however, the builder Owner shall not be responsible for payment of such accrued assessments to the Association until such time as such house is sold to a third party buyer. Upon the closing of such sale, the accrued assessments shall be paid in one lump sum by the builder Owner to the Association.

Section 9. Effect of Nonpayment of Assessments; Remedies of the Association. Subject to the provisions of the North Carolina Planned Community Act, any assessment not paid within thirty (30) days after the due date shall be delinquent, in default and shall bear interest from the date in which said assessment became delinquent at the rate of one and a half percent (1.5%) per month (or, 18% per year) (subject to a higher or lower rate of interest, as may be subsequently approved by the Association, and in accordance with applicable laws). In addition to charging interest on any delinquent assessment, the Association may impose a fee for late payment of assessments, not to exceed the greater of twenty dollars (\$20.00) per month or ten percent (10%) of the assessment installment that is unpaid, subject to increase as may be provided in the North Carolina Planned Community Act. The Association may bring an action at law against the Owner personally obligated to pay the same for the amount of the delinquent assessment (plus interest, costs, late payment charges, and reasonable attorneys' fees), or the Association may foreclose the lien against the Lot. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of any Common Property or abandonment of his/her Lot.

The lien herein granted unto the Association shall be enforceable from and after the time of recording a claim of lien in the Office of the Clerk of Superior Court of Moore County, which claim shall state the description of the Lot encumbered thereby, the name of the record owner, the amount due and date when due. The claim of lien may be filed by the Association any time after thirty (30) days after the due date of the assessment (or any installment thereof), and the lien shall continue in effect until all sums secured by said lien as herein provided shall have been paid in full. Any such claim of lien shall include all assessments which are due and payable when the claim of lien is filed (plus interest, costs, late payment charges, and reasonable attorneys' fees). Such claims of lien shall be signed by an officer or agent of the Association. Upon full payment of all sums secured by such claim of lien, the claim of lien shall be cancelled of record by the Association with the Office of the Clerk of Superior Court of Moore County.

Section 10. Subordination of the Lien to Mortgages and Ad Valorem Taxes. The lien of the assessments provided for herein shall be subordinate to the lien of any institutional mortgage

lender and the lien for ad valorem taxes on any Lot. The sale or transfer of any Lot shall not affect any assessment lien, and such lien shall run with title to any Lot against to which any such lien has attached. However, the sale or transfer of any Lot pursuant to a mortgage foreclosure or a tax foreclosure, or any proceeding in lieu thereof, shall extinguish the lien for such assessments as to payments which became due prior to such sale or transfer, but shall not abate the personal obligation of the prior Owner. No sale or transfer shall relieve such Lot from liability for any assessments becoming due after such sale or transfer, or from the lien thereof.

ARTICLE IX

Section 2. Mortgage and Pledge. The Board of Directors of the Association shall have the power and authority to borrow money for use by the Association, to mortgage the property of the Association, and to pledge the revenues of the Association as security for any loans made to the Association, which loans shall be used by the Association in performing its authorized functions. The Declarant may, but shall not be obligated to, make loans to the Association, however, the repayment terms of any such loans must be put in writing and must be reasonable in nature. Notwithstanding anything in this Declaration to the contrary, the Association shall not be allowed to reduce the amount of the regular periodic assessment any time the Association has an outstanding loan balance in favor of the Declarant.

Section 3. Declarant Contracts. If entered into before the Board of Directors of the Association elected by the Owners takes office (upon the expiration of the Period of Declarant Control), any contract or lease affecting or relating to the Subdivision that is not bona fide or was unconscionable to the Owners at the time entered into under the circumstances then prevailing, may be terminated without penalty by the Association at any time after the Board elected by the Owners takes office upon not less than ninety (90) days' notice to the other party. This provision is in accordance with the requirements of North Carolina General Statute 47F-3-105. If such statute is amended, then this Section 4 shall automatically be modified accordingly, and the revised statute shall control with respect to such contracts or leases.

Section 4. Discretionary Administrative Fee. Upon the sale or transfer of ownership of any Lot, the Association is authorized to collect a reasonable administrative fee not to exceed \$100.00 (as set by the Board of Directors from time to time) to cover administrative and other expenses incurred in the change of the Association's records to reflect the new ownership.

Section 5. Information. The Association shall make available to all Owners and their mortgage lenders, current copy of this Declaration, any amendments to this Declaration, a current copy of the Bylaws of the Associations (and any amendments thereto), any published rules and regulations of the Association, as well as the books, records and financial statements of the Association. "Available" shall mean available for inspection, upon request, during normal business hours or under other reasonable circumstances, as appropriate. The total amount of insurance after application of any deductibles shall not be less than eighty percent (80%) of the replacement cost of the insured property at the time the insurance is purchased and at each renewal date, exclusive of land, excavations, foundations, and other items normally excluded from property policies.

(b) **Liability Insurance** – Prior to the conveyance of the first Lot within the Subdivision to an Owner, the Association shall obtain liability insurance in reasonable amounts, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the Common Property.

Insurance policies carried by the Association pursuant to subsections (a) and (b) above shall provide that:

(i) Each Owner of a Lot is an insured person under the policy to the extent of the Owner's insurable interest;

(ii) The insurer waives its right to subrogation under the policy against any Owner or member of the Owner's household;

(iii) No act or omission by any Owner, unless acting within the scope of the Owner's authority on behalf of the Association, will preclude recovery under the policy;

(iv) If, at the time of a loss under the policy, there is other insurance in the name of an Owner covering the same risk covered by the policy, then Association's policy provides primary insurance;

Further, an insurer that has issued an insurance policy under subsections (a) and (b) above shall issue certificates of insurance to the Association and, upon written request, to any Owner, mortgagee, or beneficiary under a deed of trust. The insurer issuing the policy may not cancel or refuse to renew it until thirty (30) days after notice of the proposed cancellation or nonrenewal has been mailed to the Association, each Owner, and each mortgagee or beneficiary under a deed of trust to whom certificates of insurance have been issued at their respective last known addresses.

(c) Fidelity Bonds - The Association may obtain in its discretion a blanket fidelity bond (or fidelity insurance policy) for anyone who handles, or is responsible for, funds held or administered by the Association, whether or not that person receives compensation for their services. Any independent management agent retained by the Association that handles funds for the Association must be covered by its own fidelity bond or coverage for the benefit of the Association.

Any such fidelity bond shall cover the maximum funds that will be in the custody of the Association or its management agent at any time while the bond is in force. Additionally, the fidelity bond coverage must at least equal the sum of three (3) months periodic assessments for all Lots within the Subdivision, plus all reserve funds held by the Association.

Any such fidelity bond must include a provision that requires thirty (30) days written notice to the Association, or the maximum number of days allowed by a reputable insurer, before the bond can be cancelled or substantially modified for any reason.

Provided the Proposed Golf Club has been established, each Lot that is subject to the Declaration and that has a dwelling built thereon (an "Improved Lot") shall initially be conveyed to the third party purchaser with a membership in the Proposed Golf Club which membership shall be transferred to such third party purchaser at the time of closing on the purchase of an Improved Lot. Thereafter, the third party purchaser and each succeeding owner of an Improved Lot shall be required to maintain at a minimum a Social Membership in good standing in Proposed Golf Club which membership shall be governed by the rules and regulations of the Proposed Golf Club, including regulations concerning club fees and the payment by succeeding owners of Improved Lots of the required transfer fee for membership. In consideration of Caropine being obligated to provide such social memberships, the Declarant, the initial purchaser of a Lot from the Declarant and each subsequent Owner of a Lot together with their respective successors in interest each acknowledge and agree that the Proposed Golf Club membership provisions set forth in Sections 1-5 hereof shall not be modified, amended or otherwise changed in any manner without the express written consent of Caropine or its successors in interest to the golf course property which written consent shall be required to be recorded as an amendment to this Supplement in the Moore County Registry.

Section 4. No Obligation to Develop. The provisions hereof with respect to a membership in the Proposed Golf Club shall in no way obligate Caropine or its successors in interest with respect to the golf course property to ever develop or open the Proposed Golf Club and such provisions shall only be applicable to Lot Owners and to their successors in interest at such time as a social membership in the Proposed Golf Club is transferred to the Lot Owner.

Section 5. Builder Exemption. Any builder owned Lot shall be exempt from Section 2 hereof until such time as a dwelling has been constructed upon such Lot and sold to a third party purchaser.
